

NEUSE NEIGHBORS NEWS

FROM LAWN MAINTENANCE TO MANICURES, OUR RECOMMENDED PROVIDER LIST HELPS MEMBERS FIND LOCAL SERVICES

After a three-month pilot program, we officially launched services in April! Already, our volunteers have fulfilled over 50 requests from our members!

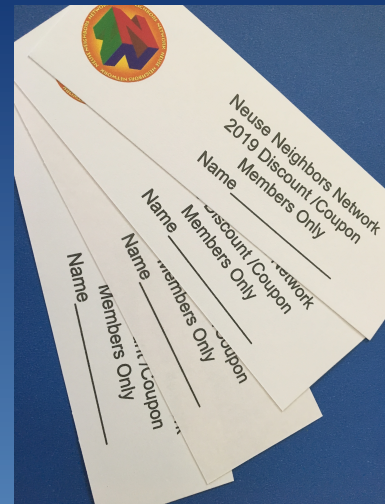

Our Recommended Provider list is growing, too. This list includes local vendors and service providers that have been recommended by other members of our organization. Look for the Recommended Providers list under the Members tab on our website.

Or make your own Provider recommendation!

On our website, select About Our Village. Then tap Service Providers to fill out the Application Form for a business or service person that's provided you with great service.

This is an excellent way to help fellow members find just the right source for a wide variety of services.

Memo from the President

I am very grateful for the substantial support we've received from the many folks who have signed up to be volunteers and/or members of Neuse Neighbors Network.

In addition, I'd like to express my sincere gratitude to **The Perry-Griffin Foundation**, and the **Carolina East Foundation** for awarding us grants to help

build our volunteer team. Also, the local Rotary Chapter has received a grant for the purpose of supporting our mission. It is personally very gratifying to know that these excellent organizations recognize the value of our mission and are supportive of our success. It's my honor to send a very special thank you to these generous "neighbors!"
